## TOOTH REPLACEMENTS IN YOUNG ADULTS

Webinar lectures	
1	An anterior tooth is missing in a young patient. What are the challenges? <i>Jens Ove Andreasen</i>
2	Is orthodontic closure a reliable treatment alternative to replace missing anterior teeth? <i>Eva Czychowska</i>
3	The failing ankylosed tooth – the possibilities <i>Lars Andersson</i>
4	Is autotransplantation of premolars a reliable treatment alternative to replace missing anterior teeth? <i>Ole Schwartz</i>
5	How do we optimize soft tissue conditions around dental implants? <i>Daniel Thoma</i>
6	How do we provide sufficient and stable bone conditions for the long-term support of dental implants? <i>Lars Andersson</i>
7	Is there a safe age for placement of dental implants? And what are the alternatives? <i>Lars Andersson</i>
8	Periimplantitis – do we have reliable treatment options? <i>Andreas Stavropoulos</i>
