Please note that program is subject to changes

# DAY 2

THURSDAY, SEPTEMBER 18<sup>th</sup>

**Latest update from world leading experts on treatment  
of dental trauma in the permanent dentition**

<b>9:00 – 10:30</b>	<b>Prof. Paul Abbott</b> <i>Assessment and management of transverse root fractures.</i>
<b>10:30 – 11:00</b>	<b>Coffee Break</b>
<b>11:00 – 12:30</b>	<b>Prof. Paul Abbott</b> <i>Tooth Resorption – Classification, Diagnosis and Management</i>
<b>12:30 – 13:30</b>	<b>Lunch</b>
<b>13:30 – 14:30</b>	<b>Dr. Alina Wikström</b> <i>Regenerative endodontics and apexification techniques in traumatized immature necrotic permanent teeth</i>
<b>14:30 – 15:00</b>	<b>Coffee Break</b>
<b>15:00 – 15:15</b>	<b>Oral presentations: PhD Maxim Chan</b> <i>Realtime delay in Dental Trauma: Dental Emergency Centres compared to Hospitals</i>
<b>15:15 – 15:30</b>	<b>Oral presentations: Dr. Lujain Alrasheed</b> <i>Traumatic Dental Injuries in Paediatric Patients: A 6-Year Retrospective Study at a Specialized. Dental Center in Kuwait</i>
<b>15:30 – 15:45</b>	<b>Oral presentations: Dr. Ana Kostenkova</b> <i>Cellular response to a novel storage media for avulsed teeth: An in vitro cytotoxicity study</i>
<b>15:45 – 16:00</b>	<b>Oral presentations: Dr. Asli Asik</b> <i>Evaluation of Oral and Dental Health Students' Approach to Dental Trauma and ToothSOS. Application: A Pilot Study</i>
<b>16:00 – 16:30</b>	<b>Oral presentations: Discussion</b>

# DAY 3

FRIDAY, SEPTEMBER 19<sup>th</sup>

9:00 – 10:30	<b>Prof. Hien Ngo</b> <i>Advancing in dental stabilization after trauma</i>
10:30 – 11:00	<b>Prof. Hien Ngo</b> <i>Recent advances in dental materials for restauration of traumatized teeth</i>
11:00 – 11:30	<b>Coffee Break</b>
11:30 – 11:45	<b>Oral presentations: PhD Maxim Chan</b> <i>Who Treats What? A Comparative Study of 569 Patients with Traumatic Dental Injuries Treated by. Dentists and Maxillofacial Surgeons</i>
11:45 – 12:00	<b>Oral presentations: Prof. Dr. Leander Dubois</b> <i>Soft Tissue Injuries in Dental Trauma: A Proposed Clinical Guideline and Evaluation of 581 Soft. Tissue Injuries</i>
12:00 – 12:15	<b>Oral presentations: Dr Rok Gašperšič</b> <i>Decoronation in Children and Adolescents: Patient and Injured Teeth Characteristics Following Dental Trauma and Ankylosis – A Case Series</i>
12:15 – 12:30	<b>Oral presentations: Discussion</b>
12:30 – 13:30	<b>Lunch</b>
13:30 – 14:30	<b>Dr. Dick Barendregt and Dr. Edwin Eggink</b> <i>Autotransplantation of teeth in complex trauma cases – an interdisciplinary approach</i>
15:00 – 15:30	<b>Coffee Break</b>
15:30 – 15:45	<b>Oral presentations: Student Mathilde Hansen</b> <i>Reasons for Tooth Loss among Danish Children with Traumatic Dental Injuries</i>
15:46 – 16:00	<b>Oral presentations: Dr. Michal Štefanatný</b> <i>Case report: Interdisciplinary Management Following E-scooter Trauma</i>
16:00 – 16:15	<b>Oral presentations: Dr. Gabriel Meschiany</b> <i>Root Fractures Different treatments</i>
16:15 – 16:30	<b>Oral presentations: Discussion</b>

# DAY 4

SATURDAY, SEPTEMBER 20<sup>th</sup>

9:00 – 11:00	<b>Prof. Hani Nazzal</b> <i>Complex Dental Trauma - An interdisciplinary approach</i>
11:00 – 11:30	<b>Coffee Break</b>
11:30 – 12:30	<b>Prof. Lars Andersson</b> <i>When can implants be installed after tooth losses in anterior region of the maxilla in young patients?</i>
12:30 – 13:30	<b>Lunch</b>
13:30 – 14:15	<b>Prof. Ece Eden</b> <i>Dental trauma recordings: diagnostic findings and outcomes</i>
14:15 – 14:45	<b>Coffee Break and Poster presentation</b>
	<b>Poster: Dr. Ceren Saglem</b> <i>Successful MTA Apexification in a Non-Vital Immature Permanent Incisor Following Delayed. Intervention: A 3-Year Case Report</i>
	<b>Poster: Dr. Dalal Alfares</b> <i>Repeated Dental Trauma in a Young Athlete: Managing the Consequences of Inadequate Care</i>
	<b>Poster: Dr. Jasna Ferko</b> <i>Twenty years later: Subjective and objective evaluation of tooth 12 restored with fragment reattachment following a complicated crown fracture</i>
